

DLT-V73 Series Vehicle-Mounted Terminal

Advantech provides comprehensive solutions tailored to enhance efficiency in warehousing, manufacturing, ports, mining, and agriculture. These solutions are crucial in streamlining operations, reducing costs, and improving overall productivity.

Compact Design

Ultra-Rugged System

Enterprise Mobility Management

Navis TOS Certified

Product Name	Part Number	Product Description
DLT-V7310P	DLV7310-2PQ410W0C0	Celeron 6305E dual-core, PCAP Touch, 8GB RAM, 128GB Storage, Windows 10 IOT, WiFi, UPS
DLT-V7312P+	DLV7312-2QQ110W0C0	Celeron 6305E dual-core, PCAP Touch, 8GB RAM, 128GB Storage, Windows 10 IOT, WiFi, UPS

Advanced Functionality for Efficient Operations

Rugged System for Harsh Environments

Easy System Integration & Device Management

Uninterrupted Data Transmission

- Sunlight-readable display with optical bonding technology
- Glove-compatible touchscreen with multi-touch control
- AddOn Module for extended I/O ports
- Full IP66 rating with shock & vibration resistance
- Wide operating temperature range (-22°F ~ 122°F)
- IK08-rated touchscreen
- SOTI and Navis certified
- Built-in Advantech MSuite software
- Supports Advantech DeviceOn
- Supports Wi-Fi 6, 4G/LTE, GPS, and BT 5.3
- Fast WLAN roaming capability
- Integrated NFC module
