UTC Series
All-in-One Touch Computer

Advantech offers customized solutions that can accommodate the unique needs of retail and hospitality businesses of varying sizes while maintaining scalability and achieving operational excellence.

Its *slim and stylish* design with 3-way cable routing enables easy integration, perfect for retail and public spaces.

UTC-100 Series

Its *rugged and scalable* design provides enhanced installation flexibility, perfect for lab, warehouse, and factory.

UTC-500 Series

Product Name	Part Number	Product Description
UTC-115	UTC-115IP-WUS1F	15.6", FHD, PCAP Touch, i5-1145G7E, 8GB RAM, 128GB SSD, Wifi, Windows 10 IoT, US power cord
UTC-120	UTC-120IP-WUS1E	21.5", FHD, PCAP Touch, i5-1145G7E, 8GB RAM, 128GB SSD, Wifi, Windows 10 IoT, US power cord
UTC-515	UTC-515IP2401-CT	15.6", FHD, PCAP Touch, i5-1145G7E, 8GB RAM, 256GB SSD, Wifi, Windows 10 IoT, US power cord
UTC-520	UTC-520IP2401-CT	21.5", FHD, PCAP Touch, i5-1145G7E, 8GB RAM, 256GB SSD, Wifi, Windows 10 IoT, US power cord

Extended Product Lifecycle

- Increase longevity with a fanless design that ensures quiet operation over long durations and reduces the accumulation of dust and contaminants

Rugged Design with Superior Operating System

- IP65 rating front panel for water & dust protection to conform with industrial and commercial operation environments
- Powered by an Intel® processors

Flexible Installation to Extend System functionality

- Mounting options: dual-hinge stand, Avalo stand, L-stand, VESA mount, and modular stand for interactive kiosk
- Peripherals options: camera, magnetic strip reader, NFC/RFID reader, barcode scanner, and many more

Power-over-Ethernet

- Reduced installation costs, increase installation safety & productivity, and enables data-gathering capacity
