

T-RANGER

Highly customizable rugged tablet

Key points

Incredible connectivity

Bluetooth®, Wi-fi®, and NFC allow for any type of wireless connection, while HDMI, and two USB ports can connect to almost any wired peripheral.

Slim & rugged design

Rugged bumpers protect the tablet from accidental drops while still maintaining a sleek and modern design, also thanks to its Gorilla Glass.

All day battery

The 10.000 mAh hot swappable battery extends operating time without interruptions.

Integrated 2D Barcode Scanner

A fully integrated 2D barcode scanner makes the T-RANGER the ultimate data capture device, while the 10" screen enables the operator to easily work with the captured data.

Customized accessories

Specifically designed to support customized expansion modules for different functionalities to suit your specific applications.
