

REPLACEMENT BATTERIES for APC Back-UPS™ & Smart-UPS™ TRIPP LITE SmartPro™ & SmartOnline™

**GOT A CUSTOMER WHO NEEDS AN APC OR TRIPP LITE UPS REPLACEMENT BATTERY?
SAVE THEM \$\$\$ BY SELLING GTS RBC'S!!!**

Why GTS RBC's?

- Significantly lower cost alternative to OEM models
- 100% compatible with OEM model...guaranteed to meet or exceed OEM specs
- Fully assembled with new cables, connectors & components
- User replaceable and customer friendly installation
- Best in class warranty: 24 months compared to 12 months industry standard

Choose GTS for dependable, cost-effective, and sustainable UPS battery solutions that ensure your operations continue seamlessly.

Here's how GTS can support your business:

- **Cost Savings:** Our battery replacement services are significantly more cost-effective than going through the OEM.
- **Compatibility:** Our products are 100% OEM compatible and designed for use with most APC™ and TrippLite™ UPS models.
- **Quality Assurance:** Our batteries come fully assembled with NEW UL-rated components, cables, connectors, and wiring harnesses, ensuring top-notch quality
- **User-Friendly:** They are user-replaceable and easy to install, saving you time and effort.
- **Extended Warranty:** Enjoy a best-in-class 24-month warranty, double the industry standard of 12 months.
- **TAA Compliant:** Our products are proudly assembled in the USA and meet TAA compliance standards.
- **Prompt Availability:** We have our products in stock and ready to ship whenever you need them.

GTS also offers 100% compatible batteries for Handheld Scanners, Two-Way Radios & Portable Printers! **For a complete cross-reference, visit www.GTSpower.com for more info.**
