

Self Service for Retail

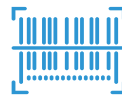

Elo delivers the widest range of interactive technologies for retail. From POS to POI and self-service, let Elo help you captivate your audience with commercial-grade touchscreens from 10 to 70 inches. Whether you want a wall-mount, shelf-mount, pole mount or fully-integrated kiosk, Elo has a solution to create brilliant, engaging experiences designed to fit your store.

Wayfinding

Provide shoppers with engaging information and promotional content making it easier than ever to navigate shopping malls, department stores, amusement parks, sports arenas, and other large commerce parks.

Price Checker

Communicate in-store price and promotions, enable customers to print coupons on-site and open up opportunity for upsell via shopper engagement and product recommendation.

Endless Aisle

Expand your customer's in-store experience and product selection by merging your brick and mortar and online channels. Display all items available to your shoppers while increasing the basket size with complimentary items through innovative product curation to capitalize on every sale, even without the physical inventory.

Brand Experience

Attract and engage with customers throughout their store experience with dynamic visuals playing relevant and personalized content at multiple touch-points in varying sizes. Enable retailers to make adjustments without incurring major printing costs while quickly and easily deploying new content seamlessly.

Kiosk

Provide a seamless shopping experience for automated retail applications - including gift registry, product configurators, loyalty, self-checkout and endless aisle kiosks - enabling customers to find immediate support for a variety of self-service needs.
