

A WAREHOUSE WONDERLAND

- Hardware: TC52 mobile computer + ZD600 desktop printer + Newcastle Systems LT Series Industrial Laptop Cart
- Software: Your Warehouse on Wheels!
- Solution: Maximize productivity in warehouse and logistics operations by eliminating unproductive walk time with a mobile workspace that's ready for any printing, labeling and scanning workflow. Newcastle Systems' mobile powered workstations are available in a number of flexible designs with options to power and accommodate Zebra rugged tablets, industrial printers, and barcode scanners to create a complete mobile workspace solution.
