

ColorWorks® Label Printers

Do Labels Differently™

ColorWorks on-demand color label printers are the ideal solution for your business. Powered by PrecisionCore® technology, these innovative printers are capable of producing eye-catching and stunning high-quality color labels with single-step simplicity and seamless integration.

Streamline Labeling

- Boost efficiency by replacing two-step printing with single-step, on-demand color label printing
- Eliminate the challenges and potential waste associated with preprinted media
- Print what you need—when you need it

Elevate Brand Awareness

- Flexible customization without relying on preprinted designs
- Colorfully highlight promotions and details
- Stunning, high-resolution labels

Operate Efficiently

- Durable, permanent PrecisionCore printheads engineered for the life of the product
- No need to replace ribbons or thermal printheads
- Efficient ink usage and low power consumption support a low total cost of ownership (TCO)

PrecisionCore Technology

- Simplified printing technology for reliable performance
- Outstanding image quality
- PrecisionCore Heat-Free technology supports low power consumption
