Always Leading - Always Innovating

Wireless Handheld Barcode Scanner BSH-HR2081BT

A global provider of complete POS hardware solutions, Star Micronics is proud to offer the wireless 2D handheld barcode scanner, with a stylish design, long battery life, and reliable wireless transmission.

Equipped with a high-power CPU, this scanner effortlessly captures high-density, high-volume, and distorted barcodes printed on paper or displayed on screen.

Made to last, the scanner features a 2200mAh battery, allowing it to run for up to 12 hours of continuous use. The included USB cable allows for convenient charging, as well.

With the latest Bluetooth 5.0 technology, the wireless handheld scanner effortlessly maintains a reliable wireless connection to transmit data, with communication distances up to 50m.

Durable inside and out, the scanner features an IP42-rated design and a drop-resistant (1.2m) housing with no moving parts. It connects direct to host device.

Features:

- **High-Performance:** Powerful CPU captures high-density, high-volume, and distorted barcodes on paper or screen
- **Long Battery Life:** 12 hours of continuous operation (one scan every six seconds)
- **Two Forms of Communication:** Connects directly to the host device via Bluetooth low energy (BLE) or can be wirelessly connected to a Star printer with the USB dongle provided
- **Durable Construction:** IP42-rated design, drop-resistant (1.2m)
- **Scanner Stand Included**

Ideal for purchase/sales/inventory management, ticket/voucher management, and office automation.
