

enhance

your future.

Partners can receive up to **409.50€ OFF** for UPTrading your customer's existing ID card printer.

Qualifying New Printers and Credits after UPTrade:

Take back your customer's old card printer(s) and sell one or more of the following new FARGO printers to receive the credit listed below.

UPTrade Values						
						
	DTC1500	DTC4250e	DTC4500e	HDP5000e	HDP6600	HDP8500*
Single-side	91€	91€	91€	90€	68.25€	—
Dual-side	182€	182€	182€	270€	68.25€	364€
Lamination	318.50€	—	318.50€	Coming soon	91€	409.50€

**The HID FARGO HDP8500 has been discontinued*

Program Details:

Qualifying UPTrade Printers: Any dye sublimation or reverse image (retransfer) card printer from any manufacturer. Final determination of qualifying printers is at the sole discretion of HID®.

The HID partner must complete the UPTrade credit form and submit it with the new printer purchase order. The credit form acts as proof of information about the printer you are destroying (destruction required for program participation). Additionally, please attach a letter of destruction and photographic evidence of the printer's destruction. Please note that it is at HID's sole discretion to request that the partner provide the mainboard and/or printhead of the printer you are destroying for any credit request.

Once the details of the original printer have been verified by HID and the new printer has been shipped, the credit will be applied to your account. We will notify you of the credit number. Please allow up to 3 weeks for credit to be applied to your account upon completion of the verification process.

Additional Details:

- This UPTrade program is available globally and is effective beginning July 1, 2024
- Credit will be applied once the purchase order for the new printer, UPTrade credit form, letter of destruction, photographic evidence (and/or mainboard/printhead as needed) have been received, reviewed and verified by HID, and the new printer has shipped
- Please consult your HID sales manager for UPTrade opportunities greater than 10 units or to combine this UPTrade offer with any other offer, quote or bid
- HID reserves the right to change or update this UPTrade program (including the modification of UPTrade credit values) at any time
