PARTNER TERMS AND CONDITIONS

All Honeywell Productivity Products Partners located in the U.S. and Canada are eligible to participate.

The program applies to new purchases of qualifying mobile computers and printers. See Table A.

When service is attached to the order, like service will be added to the beginning of the contract period for a one-year period. With Platinum service, no additional batteries or print heads will be provided over the additional year.

For equipment orders to be eligible for free service, orders must be placed and shipped between **09/01/2024 and 12/31/2024**.

Trade-in product must arrive at the Honeywell Processing Center at, Honeywell Trade-In Program, 13509 South Point Blvd, Charlotte, NC 28273, (freight prepaid by Partner) within 90 days of invoice for the new equipment.

If units are not received within 90 days of invoice for the new equipment, Honeywell reserves the right to issue a full cost invoice for service payable by the Partner. The Honeywell Distributor will not be held responsible for any charges that cannot be recovered.

Trade-in units must be in working condition when received at the Honeywell Processing Center. The extra year of free service will not apply for non-working units.

Partner must submit the **Trade-In Form** from your local Honeywell sales rep.

Standard lead times apply to orders for devices.

Honeywell has the right to change, modify, or cancel the promotion at any time without notice to you.

Partner's Account must be current and in good standing to participate.

Standard terms and conditions of your agreement with Honeywell apply.

Product must be purchased from an authorized United States and Canada Honeywell Distributor.

Any claims related to this rebate must be submitted prior to January 31, 2025.

Stackability

Mobility

Promotion is stackable with Performance Partner Discounts, Project Registration Discounts (PRs) and Price Exceptions (PEs).

Print

Promotion is stackable with Project Registration Discounts (PRs) only.

Other

For Mobility: The number of new units purchased that will have free service will be determined by the number of eligible units traded-in and the corresponding number of eligible new units purchased (a 1:1 ratio of like products).
