PC23D Desktop Direct Thermal Barcode Printer

PC23D Desktop Direct Thermal Barcode Printer

Overview

Simple to install and easy to use, the PC series printers are perfect for space-constrained settings. They offer tailored solutions for transportation and courier, healthcare, retail and hospitality markets, as well as small and medium businesses.

- Flexible, with user-installable connectivity upgrades and accessories.
- Ten-language LCD or intuitive icon graphical user interface.
- Simple to use and maintain, with easy one-handed media reloading.
- Comprehensive printer command language support, including ZSim2, makes upgrading easy.
- This Smart Printer runs apps right inside the printer: you can add keyboards, scanners or other USB peripherals for increased efficiency.

PC series Desktop Printers are designed to set a new standard in ease of use and flexibility. With one of the broadest feature sets in the desktop printer class, it':s no wonder the PC series is a popular choice for light-duty, desktop labeling tasks. With numerous features typically found in larger, more expensive printers, PC series printers feature a multi-language LCD or icon user interface, user-installable connectivity options and accessories, and speedy label printing. The PC series was designed by users for quick set-up and trouble-free use. The printer adapts to its environment and fits right in with a variety of placement options, including wall mount and battery power. No need to waste time deciphering blinking LEDs –: PC printers come with a color LCD in 10 languages or a universal icon interface for immediate notifications that ensure minimal training and support. Configure and update your PC printer on the spot with the USB host port –: no computer needed. And one-hand drop-in media loading makes resupply a breeze.

Specifications

FEATURES

Features

- Elegant
- Flexible
- Healthcare Ready

Application

- Courier
- Healthcare
- Hospitality
- Retail
- Transportation

Compatible Software

- Honeywell SmartSystems Foundation
- PrintSet
- Wavelink Avalanche

Compatible Drivers

- CUPS for Linux
- Honeywell Device Types for SAP
- Honeywell Fingerprint Application Builder
- InterDriver Windows

PRINTING SPECIFICATIONS

Resident Font

- Andale Mono
- Andale Mono Bold
- CG Times
- CG Times Bold
- Century Schoolbook
- Letter Gothic
- OCR-A
- OCR-B
- Univers
- Univers Bold
- Univers Condensed Bold
- Univers Extra Condensed

2D Barcodes

- Aztec
- Code 16K
- Code 49
- Data Matrix
- Dot Code
- Grid Matrix
- MaxiCode
- Micro PDF417

- QR-Code

Resolutions

- 203 dpi
- 300 dpi

Print Method

- Direct Thermal

Print Speeds

- 5 ips
