

RFID PRINTERS

Our wide range of enterprise-grade printer/encoder solutions includes mobile, desktop, and mid/high-volume industrial and can fit into any application. We offer high-performance features, including 4-inch and 6-inch print widths, the ability to print on standard RFID labels and on-metal tags and up to 600 dpi for small labels. Our RFID printers are enhanced to include high-speed encoding, high-memory encoding, and RFID field upgrade kits. Our printers are easy to use, easy to calibrate and offer compatibility with PrintNet Enterprise remote printer management software.

In addition to stationary RFID printers, we offer a portable RFID model to print and encode labels hands-free and on the go. The Alpha-40L RFID is compatible with SOTI Connect and TSC Console remote printer management software.

ALPHA-40L RFID MOBILE RFID PRINTER

The Alpha-40L RFID features a user-friendly, heavy-duty and drop-resistant design, enhancing workers' mobility in challenging environments. This mobile RFID printer is ideal for on-the-fly tagging applications or in-store re-work.

T800 DESKTOP RFID PRINTER

The T800 high-performance RFID printer offers industrial features in a desktop footprint. Applications include tracking products throughout the supply chain, taking inventory in real-time, and quickly locating assets within the enterprise.

T4000 COMPACT INDUSTRIAL RFID PRINTER

The T4000 offers industrial printer features in a compact footprint and the ability to encode both standard smart labels and on-metal tags.

T6000e MID-RANGE INDUSTRIAL RFID PRINTER

Featured in RFID Journal's Top 10 Products of 2020, the T6000e offers top of the line RFID encoding abilities including high-speed and high-memory encoding.
