

EPSON®
EXCEED YOUR VISION

Thermal Label Printers

Dynamic. Versatile. Efficient.

Printers Built for Reliability, to Meet Your Label Printing Needs

Today's retail and hospitality consumers demand greater convenience, faster transactions and more personal service. Epson offers a robust lineup of label printers engineered for reliability for applications where flexible labeling is required. Our compact, high-speed label printers deliver on-demand printing for a variety of label types—when and where you need them.

- One printer supports both thermal label and receipt printing
- Multiple connectivity options available
- Enhanced print options reduce paper usage by up to 47 percent¹
- 1-year limited warranty

How They Work

Epson's thermal label printers offer a variety of connectivity options—such as USB, serial, Ethernet, wireless and Bluetooth®—to support multiple customer environments. Our printers are ideal for supporting on-demand label and receipt printing for different applications, whether it's at the counter, in the kitchen or in the back office. Plus, you have the freedom to print from various systems such as PC terminals, tablets and smartphones.

Liner-Free Thermal Label Printers

Fast liner-free label printing for hospitality and retail.

- Cost-effective; improve order accuracy
- One printer for liner-free labels and receipts
- Intelligent options to support online ordering (OmniLink® TM-L100)
- Compatible with Epson® tested liner-free media²

For compatible media product codes and details, visit www.epson.com/testedmedia

Direct Thermal Label Printers

Flexible thermal label and receipt printing for various environments.

- Ideal for multiple installations, whether on the counter, on the go or mounted to the wall
- Support various print width options
- Label peeler option automatically removes labels from the liner (TM-L90 Plus with Peeler)

¹ Paper savings depend on the text and graphics printed on the receipt.

² Proper use of tested media is consistent with the printer warranty, but damage from use of non-tested media is not covered by the printer warranty. Epson's statements about tested media are not warranties of the media, tested or otherwise, and tested media are not Epson products or warranted by Epson. See www.epson.com/testedmedia for more information on Tested Media.

³ Feature available for iOS® and Android™ devices running Android 10 or later.

⁴ Only works with iOS devices.

⁵ Battery life will vary considerably depending on connectivity (Wi-Fi or Bluetooth), usage and environment.

⁶ Speed based on charging with Epson genuine battery chargers (OT-SB20II, OT-SB80II, OT-CH20II, OT-CH80II).

⁷ Product comes with a limited warranty with the option to purchase Extended Service Plans up to a total of 5 years of continuous coverage. Limited warranty length varies by model. Must be purchased within 30 days of product purchase.

⁸ Can be purchased at any time before existing Epson limited warranty, Extended Service Plan or SITA Upgrade expires.

⁹ Spare-in-the-Air™ orders must be placed and processed by 1 p.m. Pacific Time for Next-Business-Day delivery, Monday through Friday, excluding holidays. Geographic limitations apply. Expedited shipping not available in all areas. See limited warranty or service plan for details.

¹⁰ Renew for additional years as long as a prior extended service plan is in effect.
